

# TODAY'S ACHIEVERS ARE TOMORROW'S LEADERS

The Capital District YMCA Black and Latino Achievers Program is a unique college and career exploration program for grades 9 -12. We offer additional programming for 7th and 8th graders to prepare them for high school and beyond.

The Black and Latino Achievers is a multicultural effort to create equity in education as well as in the workplace by motivating African American/Black, Latino, and other minority youth to develop and pursue high educational and career goals.
