Section 3. Any unit member currently employed by the District, who is appointed to a temporary position of less than a year in duration, will be returned to the job previously held upon termination of the temporary position.

Section 4.

- A. District Seniority shall be based upon an employee's total service with the District commencing with the employee's first date of employment in the District in bargaining unit position. Classification seniority shall be based upon an employee's total service within a particular classification as provided in Article III, hereinabove. Layoffs shall be made in inverse order of seniority by classification with seniority based upon total service in that particular classification. A laid-off employee with greater District seniority shall have the right to "bump" a less-senior employee in lower classification if the laid-off senior employee has been employed in that classification. The district will follow Civil Service law when reductions in force occur.

In the event two employees have the same seniority date, the employee hired earlier in the day, by accepting the offer of a position from the Superintendent or District employee designee shall be deemed to have the greater seniority.

- B. In the event of a reduction in the work force, the District shall notify NESPA 20 calendar days prior to the impact of said reduction. Upon written request of NESPA the District shall meet with NESPA to review such anticipated layoff at least seven (7) calendar days prior to the date of layoffs. The District shall provide NESPA a list of employees scheduled for the layoff at least five (5) days prior to the meeting with Representative.

Employees laid off will be placed on a recall list as entitled by NYS law with the last to be laid off being entitled to the first chance at a position which becomes open, for which the employee is qualified. An employee who refuses to accept an appointment when notified, shall have whatever rights are provided under NYS law with regard to continuation or removal from the recall list.

If a former employee is rehired from the recall list within one (1) year from layoff date, that employee will retain seniority and longevity from the previous employment in the District.

Section 5. Upon request, the District shall provide the Union with an up-to-date seniority list within 20 school days showing name and seniority date(s) of all unit members. Such a list shall be used exclusively in determining seniority rights of employees under this provision.

Section 6. All new personnel added to the seniority must be full-time, minimum of 20 hours per week employees.

If an employee's hours are reduced by the District, seniority shall continue to accrue. Employees who are currently less than 20 hours, hired for less than 20 hours or voluntarily want less than 20 hours of work, will not accrue seniority.

- C. The District agrees that all unit members shall receive training prior to implementation of the time clock system. In addition, the District agrees to routinely ensure that all time clock systems and school building clocks are running in sync so as to create a consistent time mechanism for all unit members.
- D. The District agrees to meet monthly with the NESPA Unit President, for the first 12 months of operation of the time clock system, to review concerns with the implementation of the time keeping process as well as data from the chosen system.

- E. No employee shall be disciplined for failure to use the time clock if a reasonable explanation can be offered. The responsibility for keeping accurate hours of work is that of the individual unit member. Unit members who knowingly falsify information by clocking in or out incorrectly, or who clock in or out for another employee, are subject to administrative inquiry and may be subject to disciplinary action under the disciplinary procedures of the collective bargaining agreement.
- F. In order to ensure conformity with regard to timecard usage and calculation, the time clock policies and procedures are defined below. Any employee required to use a time clock must swipe or scan their card both at the time of their arrival for duty and at the conclusion of their shift. Additionally, employees are only to “clock out” when they leave the job site and “clock back in” when they return, if the employee is utilizing contractual accrual time.
- G. The management of the time clock will reside within the Business Office.
- H. Payment for time worked will only be made for regularly scheduled time which is properly documented in the District’s Time and Attendance Software with a virtual timecard showing clock in/out times.
- I. Employees are not permitted to work additional time beyond their scheduled hours without approval by their supervisor.
- J. When applicable, a unit member’s lunch break will automatically be deducted from each day for employees who are normally scheduled for a lunch break. Employees are required to take a lunch break, unless authorized to work through the lunch break by their supervisor. Employees are not required to clock in and out for their lunch/meal/contractual breaks unless they will be exceeding the time allotted for the break (30-minute break for lunch).
- K. Only a department supervisor or authorized staff in the Business Office may adjust employee time records. Employees must notify their supervisor immediately if they fail to clock in/out or have any difficulties using the time clock. Approved corrections/adjustments will occur in the following pay period if an employee fails to notify his/her supervisor within a reasonable period of time of a problem.
- L. Employees understand that their work shift begins and ends at times established by the District. Employees will be allowed to clock in/out up to 7 minutes before and 7 minutes after their shift begins/ends. These times will be rounded to their scheduled arrival and departure times. Employees should not vary from these times without express permission from their immediate supervisor.
- M. The District understands that at times events may cause an employee the need to arrive later than their scheduled arrival time or depart earlier than their scheduled departure time. In those situations, the 7-minute rounding rule will apply:

Example- If an employee has an assigned departure time of 3:30 p.m. and the employee departs at 3:23 p.m. the report will be rounded to 3:30 p.m. If an employee has an assigned

departure time of 3:30 p.m. and the employee departs at 3:22 p.m. the report will be rounded to 3:15 p.m.

Example- If an employee has an assigned departure time of 3:30 p.m. and the employee departs at 3:23 p.m. the report will be rounded to 3:30 p.m. If an employee has an assigned departure time of 3:30 p.m. and the employee departs at 3:22 p.m. the report will be rounded to 3:15 p.m.

- N. It is agreed by the parties that the seven-minute rule is intended to simplify payroll processes and that employees are still expected to arrive on time and work their regularly scheduled work hours. The parties further agree that employees may be subject to progressive discipline, according to the procedures in the collective bargaining agreement, if time and attendance issues warrant.
- O. If an employee forgets to “clock in” or “clock out” for their shift; they are to contact their supervisor within a reasonable period of time when it is realized, to explain the circumstances and to provide actual clock in or out information. The supervisor will adjust the employee’s time in the system.

Retiree Health Insurance

When an employee hired before July 1, 2019 retires with at least five (5) years of service in the District, and qualifies for benefits under the New York State Retirement System, the employee shall be eligible for continued medical-dental insurance coverage.

When an employee with an effective date of employment on or after July 1, 2019 retires with at least ten (10) consecutive years of service in the District, and qualifies for benefits under the New York State Retirement System, the employee shall be eligible for continued medical- dental insurance coverage.

For the EPO plan, the district shall pay 72.5% of the premium, with the retiree responsible for the remaining 27.5%. For the PPO plan, the District shall pay the same dollar amount it would pay for the EPO plan toward the cost of the PPO plan for retirees. For the dental plan the district shall pay 72.5% of the premium, with the retiree responsible for the remaining 27.5%.

Section 3. If an employee who qualifies for benefits by working 30 hours or more and is receiving District sponsored health insurance has their hours reduced below 30 hours but above 20 hours, shall continue to receive benefits. If the District offers the employee a position that is 30 hours or greater, the employee must accept the position or forfeit continued health insurance pursuant to this provision. The decrease in hours must be due to a District directed involuntary reduction, and not a voluntary reduction or a result of bidding on a bus route for less hours.

Benefits shall include medical, dental, life and accidental death insurance. This provision shall not serve to provide benefits to employees who do not qualify and have never qualified.

Section 4. Additional information concerning the health insurance plan is available from the Human Resources Office.
